W.P.(C)NO.23253 OF 2007

DATED THIS THE 6th DAY OF AUGUST, 2007

JUDGMENT

The petitioner is appearing in person. He claims to have invented a herbal eye drop and skin cream, which is an effective medicine for 'cataract'. He now claims that he has an effective remedy for the epidemic, which is raging in several parts of the Kerala State. However, what the petitioner seeks in the writ petition are the following reliefs.

> "A. that declare the cancer is curable,
> B. that declare the petitioner's products (1) Herbal QCCYT Eye drop and (2) Anti-Aging MENI Herbal Skin Virginator are not coming under the Drugs Act.
> C. That the petitioners naturopathic instant cure is not coming under the purview of The Indian Medical Degree Act and Drugs And Cosmetics Act.
> D. Direct the respondent to refer the critical epidemic fever and ill terminated cancer patients to the petitioner".

2. The petitioner admits that he is only a matriculate and that he has no medical qualification whatsoever. In any event obviously this Court cannot grant the above prayers. That being so, I do not think that the petitioner is entitled to the reliefs prayed for in this writ petition.

Accordingly, the writ petition is dismissed.
